PROFESSIONAL SUMMARY

Computer Engineering (IoT) student and frontend developer focused on building responsive, accessible, and interactive web experiences. Hands-on experience creating project interfaces with HTML, CSS, and JavaScript, collaborating through Git/GitHub, and translating ideas into clean, user-friendly layouts. Interested in frontend engineering and modern web technologies; open to remote opportunities.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), Responsive Design
Libraries & Styling: React.js, Tailwind CSS, Framer Motion, GSAP
Programming & CS: Python, C, Java, Object-Oriented Programming, Data Structures
Tools: Git, GitHub, VS Code, Figma, Vercel

SELECTED PROJECTS

Digital Canteen | *HTML, CSS, JavaScript, LocalStorage*
Built a responsive campus food pre-ordering interface with a digital menu, cart management, and an order-confirmation flow designed to help reduce physical queueing.
github.com/shrishtirenu028-design/Digital-Canteen | Live: merry-elf-b3a0fe.netlify.app

TripWise AI | *HTML, CSS, JavaScript*
Developed a travel-planning web interface with multi-day itinerary presentation and dynamic budget calculations for transport, accommodation, and food.
github.com/shrishtirenu028-design/TripWiseAi

HYDRA | *HTML, CSS, JavaScript*
Created an eco-conscious e-commerce concept featuring plastic-free alternatives, product discovery, and sustainability-focused product information.
github.com/shrishtirenu028-design/HYDRA

AWS Student Builder Group – SIGCE | *TypeScript, HTML, CSS, Git*
Contributed frontend UI components, responsive styling, and client-side interactions to a collaborative student-community website.
github.com/shrishtirenu028-design/AWS_SBG_SIGCE

Additional Projects: BeautyGuide · Imposter-Desi · ShrishtiGamesWeb · MiniGameHub (additional web and Java desktop projects; source code available on GitHub).

EDUCATION

B.Tech, Computer Engineering (IoT-CSBT) | 2025–2029
Smt. Indira Gandhi College of Engineering, University of Mumbai

Higher Secondary Certificate (CBSE) | 2022–2024
Mahatma Gandhi Mission English Medium School

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

NPTEL – Programming in Java (In Progress)
